

A1 (up to 20 words each)		
1. Renewables: Can they stand the test of Climate Change? [or something containing these key words: renewables/renewable energy/climate change/ climate uncertainty/weather extremes]	2. The climate is changing and there is not enough data to predict what the weather will be like in the future.	3. The development of infrastructure concerning renewables has been delayed and predictions for the use of green energy have been lowered.
